KEEP THIS TO YOURSELF

"The Lord ordereth a good man's going; and maketh his way acceptable."

"I went by, and lo, he was gone: I sought him, but his place could no more be found." Psalm XXXVII, 23 and 37.

This all refers to the special summer rate which the Volcano House is offering.

The heart of the Manager was filled with love for the people; he made the way acceptable by reducing the rate to fifty dollars which covers all transportation to and from the Volcano, hotel in Hilo one day, and eight days at the Volcano House.

The gentleman referred to by the Psalmist, heard of the snap, went to the office of The Henry Waterhouse Trust Co., got his ticket, and is now at the Volcano House enjoying the cool mountain air.

If the place of a friend can no more be found, you can bet he is up there too.

THE KUMERIC IS STILL HERE

MORE TROUBLE FOR THE STEAMER TRYING TO TAKE JAPANESE AWAY.

Off the harbor, looming large, still lies the British ship Kumeric which came here with over 1,000 Portuguese immigrants and is doing her best to get away with about 1,200 Japanese emigrants.

The very latest hold-up is a request from United States District Attorney R. W. Brockton, representing the U. S. Immigration authorities here, that the clearance of the Kumeric by the customs people be refused until the Immigration Department is further heard from.

The Immigration authorities, it is held, are not through with the Kumeric until they have examined all of the Portuguese immigrants who were brought by her, in order to ascertain if they may be actually landed here.

As yet they have not been officially landed. They are in quarantine and that quarantine does not expire until tomorrow at noon. The examination in regard to the admissibility of the immigrants, at the Immigration Station, will not be commenced until the immigrants are out of quarantine.

In the meanwhile the Kumeric is held for the reason that if there are among the immigrants any who may not be landed here they must be returned to the country whence they came by the Kumeric or some other vessel of the company.

The ship's agents, Theo. H. Davies & Co., say that they are only the port agents of the S. S. Kumeric and cannot be considered as agents of the vessel under the contemplation of the immigration law. Hence, for the present at least, is the Kumeric herself held. Otherwise the agents might give a bond for the return to Madeira of any of the Portuguese immigrants who may not be landed here because of disease or for any other reason.

In the meanwhile the cable between Honolulu and London is working with messages to and fro in settlement of the matter. The Kumeric, when she left Cardiff, cleared via Funchal and Honolulu for San Francisco. She has here the right to change her destination and has a right to carry emigrants from this port to Vancouver. There is no claim that she is violating any contract but there is a feeling of disappointment among those interested in immigration over the fact that the Kumeric is taking away more emigrants than she brought immigrants.

Charles Chillingworth, representing the charterers of the Kumeric for the purpose of taking Japs, is hopeful that the present matter of delay will be speedily settled.

The Kumeric has already been chartered by the same people, Moriama, having also arranged this deal, to come again to Hawaii, from Vancouver, to take away Japs to Mexico where they will not have to have the \$25 per capita to land and no restrictions are made by the Japanese government in regard to migration.

NEW CLUB OPENING

COMMERCIAL CLUB WILL HAVE AN INFORMAL OPENING FOR MEMBERS ON JULY 20.

The House committee of the Commercial club met last evening for the first time in the Clubs new quarters in the McCandless block. The meeting was presided over by the chairman George W. Smith, and was well attended. It was decided to fix Saturday evening, July 20th as the time for the informal opening of the Club to the members. By this time it is expected to have most of the furniture and other supplies on hand.

The committee was well pleased with the way things have been moving, and are satisfied that the delays have been occasioned by slow freights and other things beyond their control. A portion of the furniture is now installed, and the rest will probably be in within the next week. The special silverware and some of the kitchen furniture is on hand, but it will probably be necessary to open without some of the specially designed crockery and table linen which has been very slow in coming.

The opening on the 20th will be for members only, but it is expected to have a formal opening later at which the public will be invited to inspect what will be one of the handsomest and most up to date clubs in the country.

ANSWER FOR THE COMMISSION

ATTORNEY GENERAL PETERS WILL MOVE TO DISMISS THE SALOONKEEPER'S INJUNCTION.

The papers in a motion to dismiss the temporary injunction obtained by Jacintho Miguel of the Kakaako Saloon to restrain the Liquor License Commissioners and Inspector Fennel from granting a license to W. C. Peacock and Co. and other applicants are ready to file. E. C. Peters, the Attorney General, has prepared the papers in behalf of the Liquor Commission.

It is claimed that the petitioner has no alleged facts sufficient to warrant the issuance of the mandamus; that he has failed to prove that he had any right to bring the proceedings; that he will suffer any financial injury by the issuance of the license. It is further more stated that A. J. Canabell, A. J. Canabell, the Commissioners, are interested directly or indirectly in the sale of liquor by the Pacific Club. They are merely members of club organization and hold shares sufficient to enable them to vote. Furthermore Commissioner Jack Lucas has no interest in the Elks and is not interested in the sale of liquor by the organization. It is further stated in the motion that the petition for the writ of mandamus contains in its allegations of law and facts to show that the various commissioners are members of the Liquor License Commission.

BONINE'S PICTURES MAKING A HIT LONDON AND BERLIN, AS WELL AS AMERICAN CITIES, ENJOY THE PICTURES TAKEN HERE.

Interesting letters from R. K. Bonine, the moving picture man, who took Hawaiian views last year, have been received. In one to Acting Governor Atkinson, Bonine said that his Hawaiian views were highly successful and there was much demand for them for London and Berlin theaters. He said that the view of Capt. Sam Johnson's Company in bayonet drill was one of the finest he had ever taken.

In a letter to Joseph Pratt, Bonine said he hoped to visit Rochester, N. Y., at the time Governor Carter was there, and show to the Governor the Hawaiian views, which were highly successful. Bonine said he had severed his connection with the Edison Company and expected to come to Hawaii in August to secure some more views. He had just returned from a trip to Panama. He said that the Hawaiian Islands would greatly benefit by the completion of the Panama Canal. The work was progressing well at that place.

KAUAI'S CANNERY. LIHUE, July 8.—The pineapple cannery at Lawai is now running full blast, preparing the delicious fruit for shipment to less favored climes. It is expected that the first output will amount to about five thousand cases, to be multiplied several times next year. The principal problem in connection with the new industry seems to be the question of what to do with the waste.

REFUSED FEES

Acting Governor Atkinson has set an example for government officials. He was called as a witness for the government against J. Lor Wallach charged with perjury. The Acting Governor was entitled to a compensation per diem as a witness in a criminal case. He declined to draw the money however, on the grounds that there were government employees who were testifying along the lines of their duty, they should not draw any witness fees.
